謝謝你下載這個紙模型，希望你會喜歡它。

Here is what you will need to craft: 以下是您製作需要：

- The printed template (5 pages) 列印樣本（5頁）
- Liquid glue like Elmer's clear glue 液體膠水像埃爾默的透明膠水
- Scissor and/or cutter 剪刀
- Toothpick and wooden chopstick – access hard-to-reach parts 牙籤和木筷子-用在難以觸及的部分
- A card board, a cutting board, or a table 卡片板、切割板或桌子
- Paper towels to clean and wipe excess glue 紙巾清潔和擦拭多餘的膠水

The numbers on parts are for matching each other. If a number is outside a part, you may write it down under the part.
零件上的數字用於匹配彼此。如果數字在部位之外，您可以將其寫在部位下。

Try color paper to create different look and feel of the final product.

嘗試彩色紙張，以制作最終產品的不同外觀和感覺。

Step 1 第1步

Cut each piece individually and regroup them by part of the model.

將每一塊分別剪切，並按模型重新組合。

- Legs 腿
- Body 身體
- Arms 手
- Head 頭
- Accessories 配件

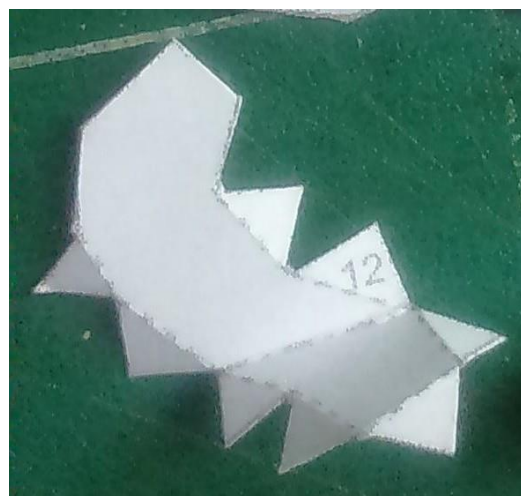

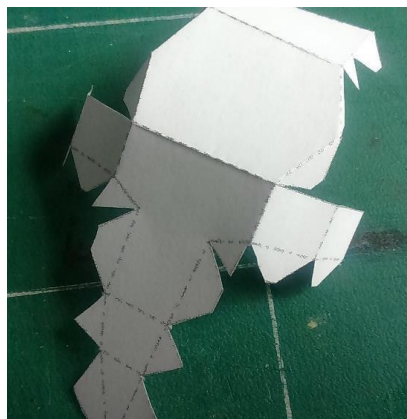

Step 2 第 2 步

There are two types of folds. Always fold all edges before gluing.

有兩種類型的線。粘合前摺疊所有邊緣。

--- line is folded inside of a part. 線被摺疊向內。

- - - - - line is folded outside of a part. 線被摺疊向外

TIP. 提示

Use the toothpick/wooden chopstick to help put the glue on the flaps and reach hard-to-reach parts.

使用牙籤/木筷子幫助將膠水放在皮瓣上，並到達難到的部位。

Step 3

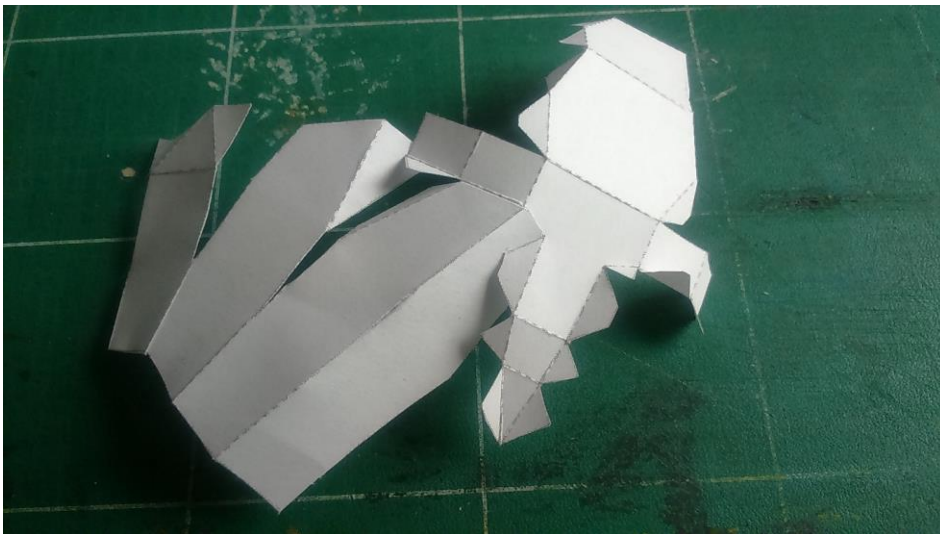

第 3 步

The legs

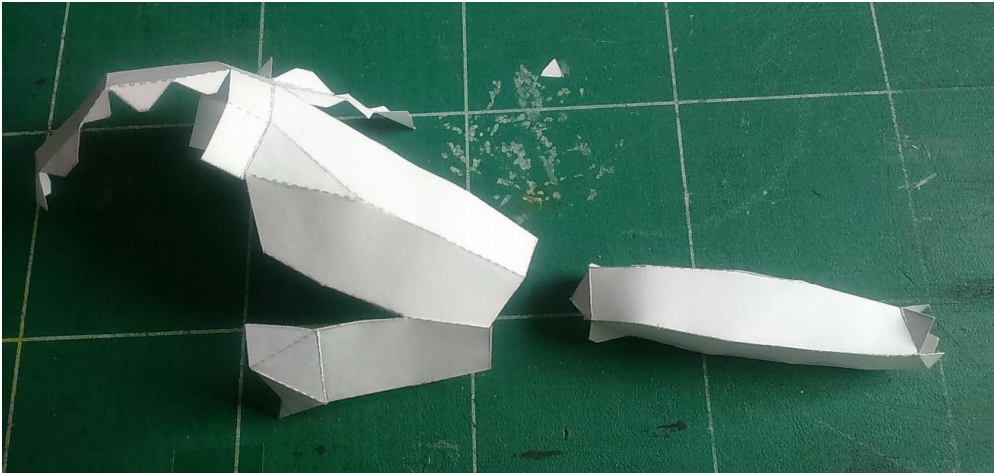

腿

Start with hips and the right thigh, then right leg. 先從臀部和右大腿開始，然後右腿。

Close the leg before attaching it to the thigh. 將腿固定在大髀上之前, 將其關閉

Close the thigh 關閉大髀

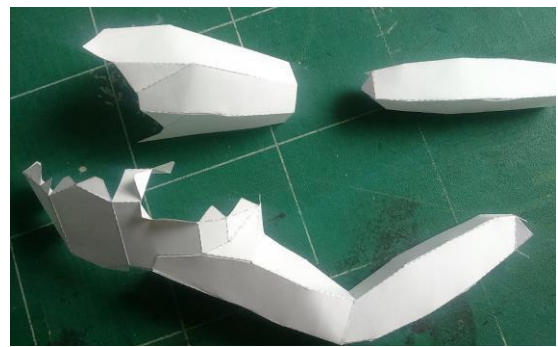

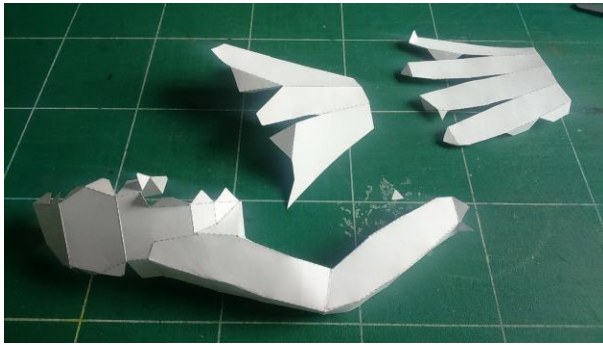

Close between the legs 關閉兩腿之間

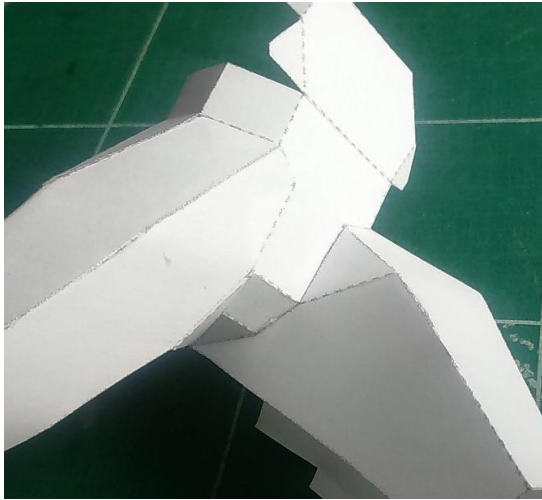

Step 4 第4步

Add the left thigh and leg 加左大髀和左腿

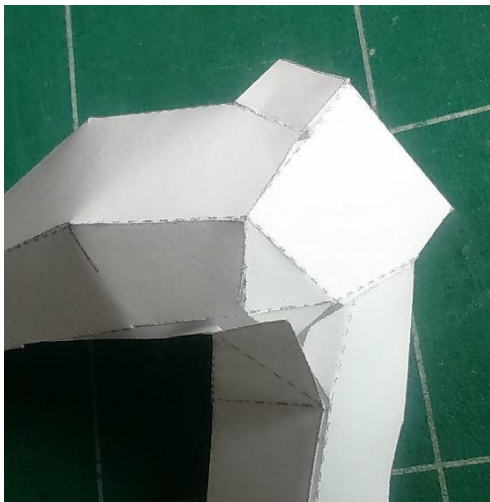

Glue and attach the hips to the left thigh
but don't close it yet
臀部連接到左大腿，但沒關閉它

Attach the closed leg 連接封閉的腿

Continue by gluing the upper part of the hips 繼續粘合臀部上部

Step 5 第5步

For the feet, start by gluing the sides, then close remaining of the part.

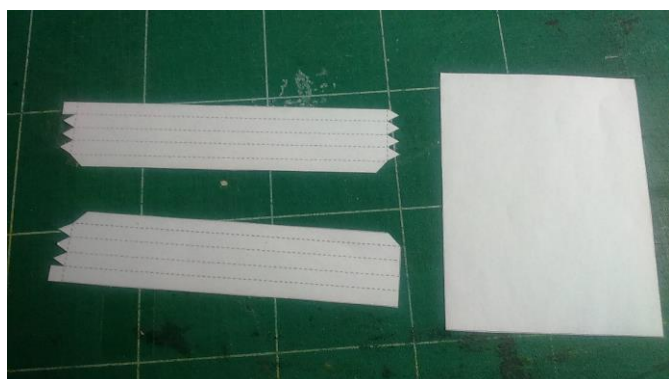

對於腳部，首先粘合兩側，然後關閉零件的所有部位。

Step 6 第 6 步

The flag is an easy part. If you want a shorter pole, cut to fit. You may stick the head of lower pole to the inside tail of upper pole to make the whole pole stable. If you want to show different flags, cut a small piece of tape and make it stick to both sides. Then you can change flags and stick it to the tape.

旗是一個簡單部分。如果你想要一個較短的桿子，切成適合。您可以將下桿的頭部粘在上極的內側尾部，使整個桿穩定。如果你想顯示不同的旗幟，剪一小塊膠紙，讓它粘在兩邊。然後，您可以更改不同的旗並將其粘在膠紙上。

Step 7

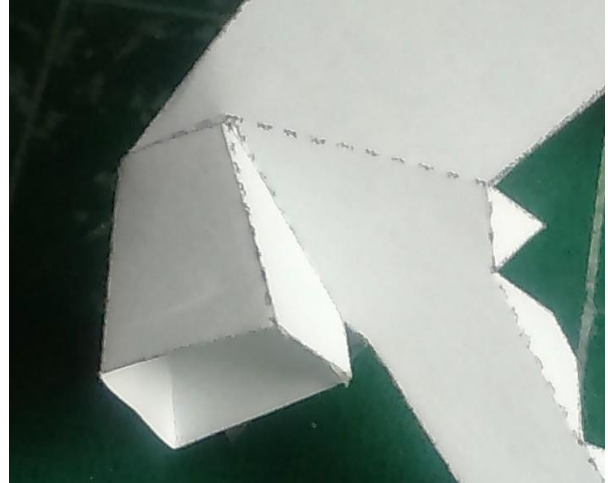

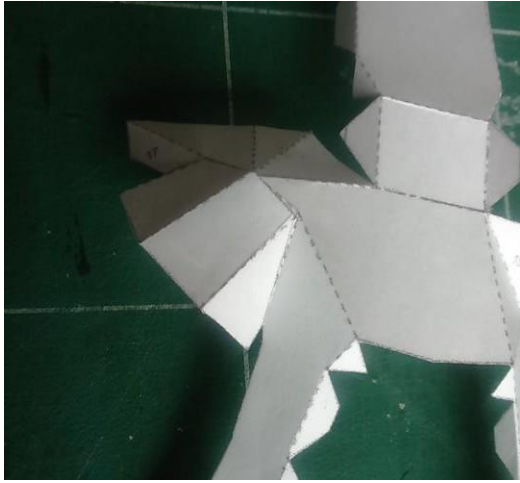

第7步

The Body

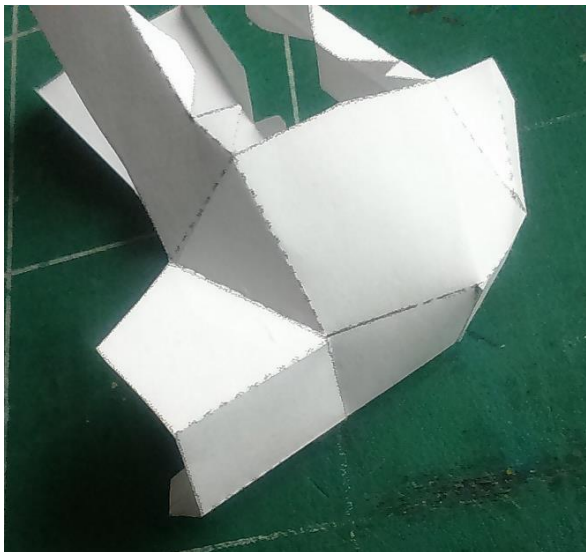

身體

Start with the right shoulder
從右肩開始

then the left one
然後左肩

Once it's done you can attach the right side of the body. 完成後，您可以連接身體的右側。

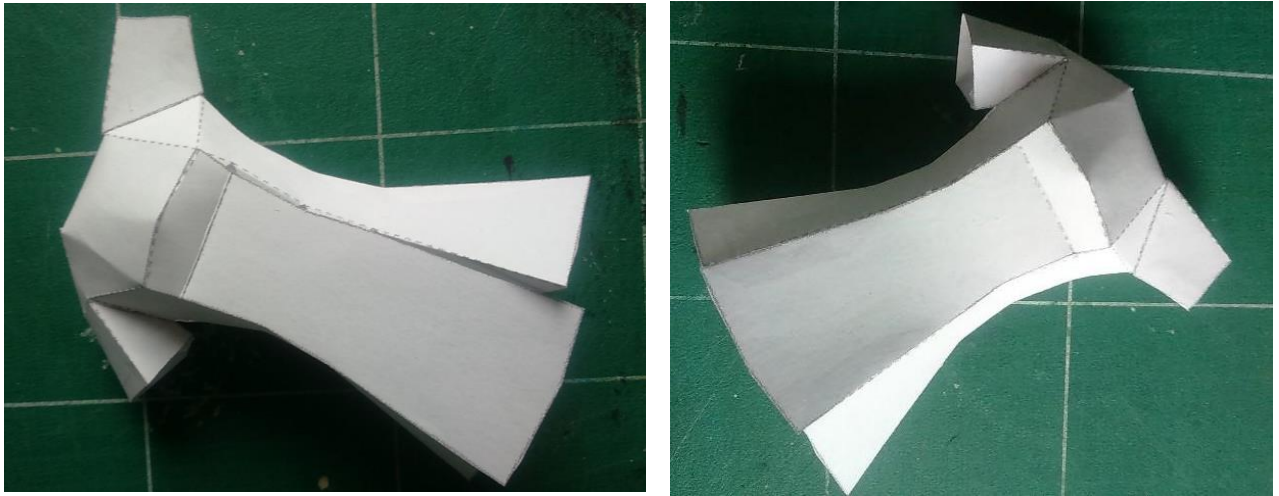

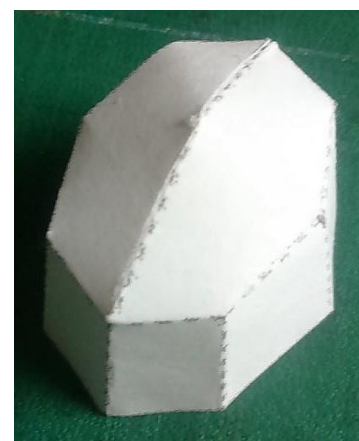

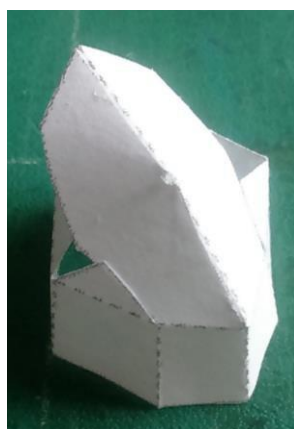

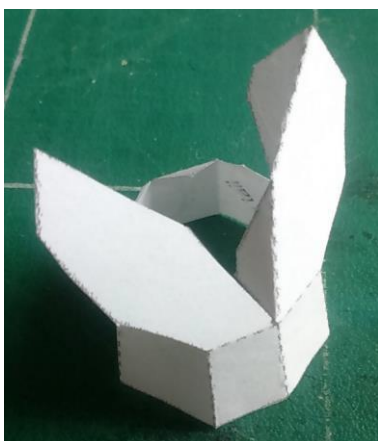

Do the same on the other side
在另一邊也這樣做

Next you can attach the front part and follow the edges
接下來，您可以連接前部

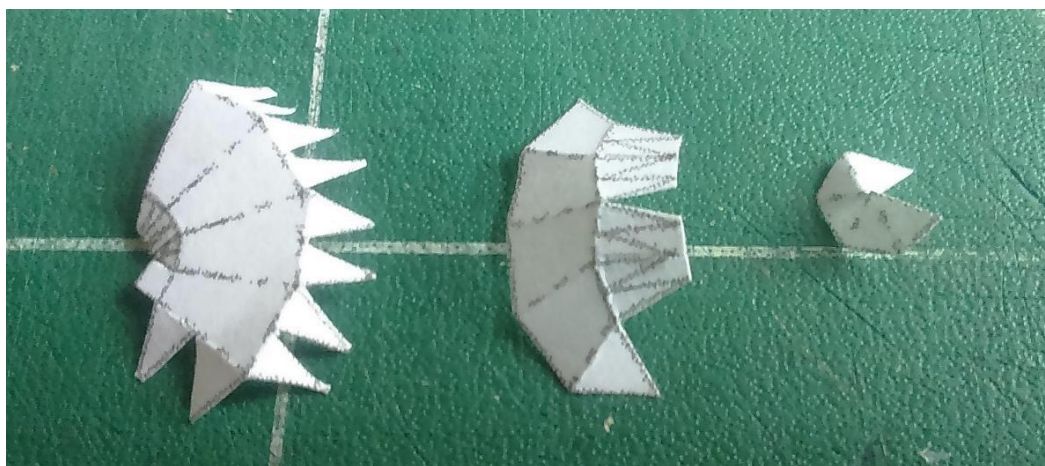

For the head, use the toothpick/chopstick as finger to press flaps and glue to reach some angles
對於頭部，使用牙籤/筷子按皮瓣和膠水以到某些角度

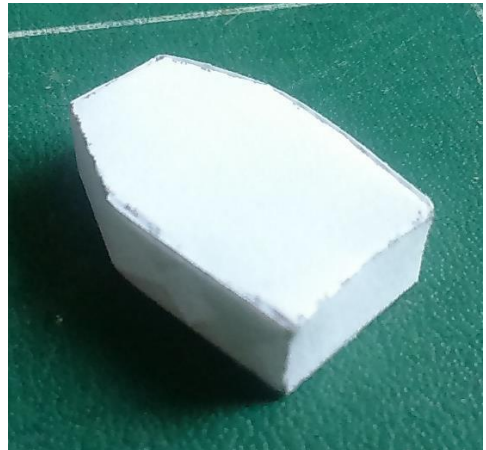

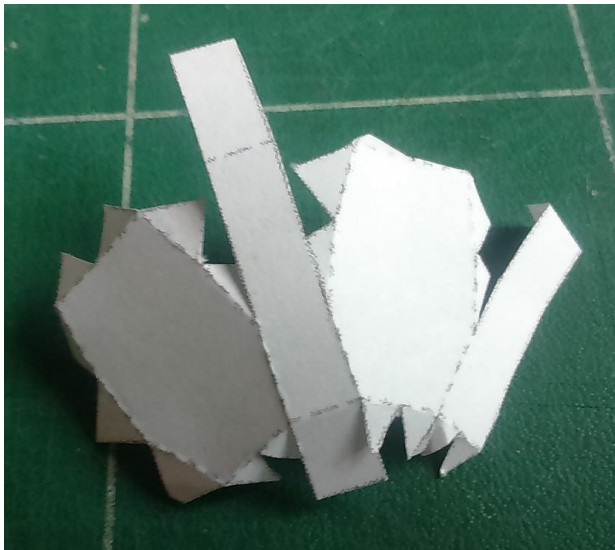

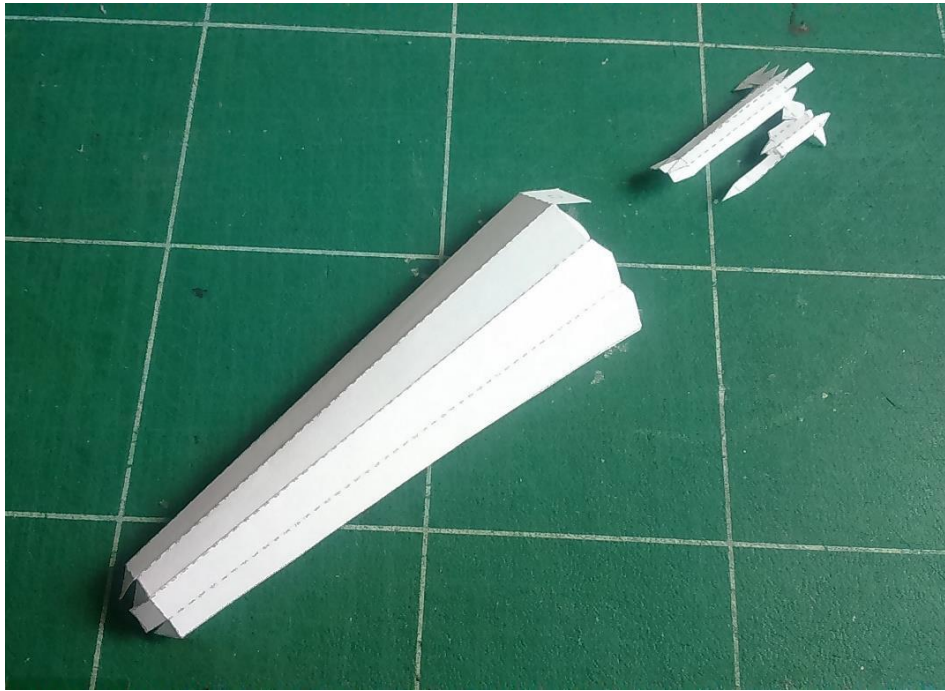

For the mask, join the two opposite edges to make a ring like the picture. Then close each side.
對於口罩，像圖片一樣。然後關閉每一側。

For the poney tail, the flaps may be too big. Feel free to shorten them or cut some if you want.
對於馬尾，皮瓣可能太大了。隨意縮短他們或削減一些，如果你想。

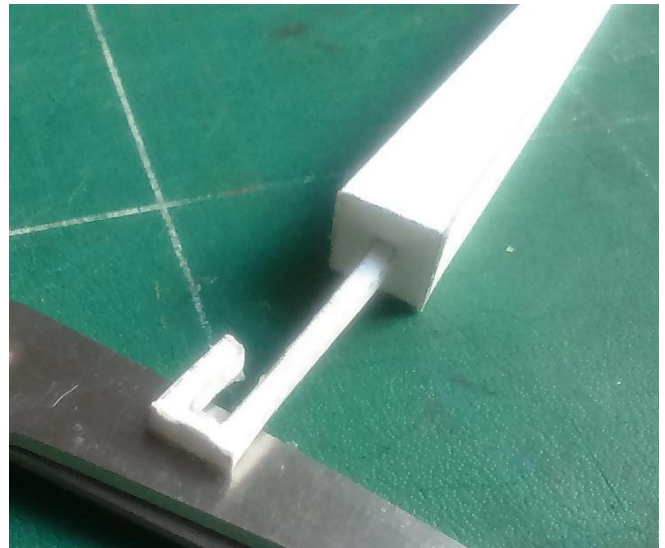

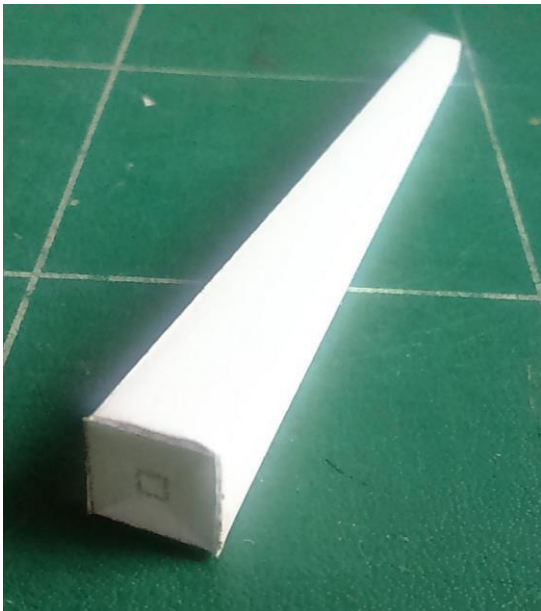

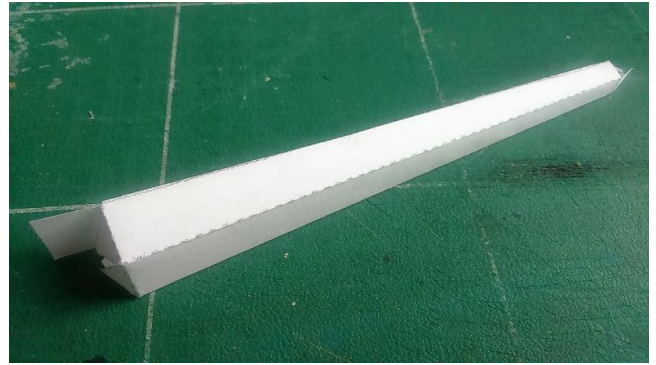

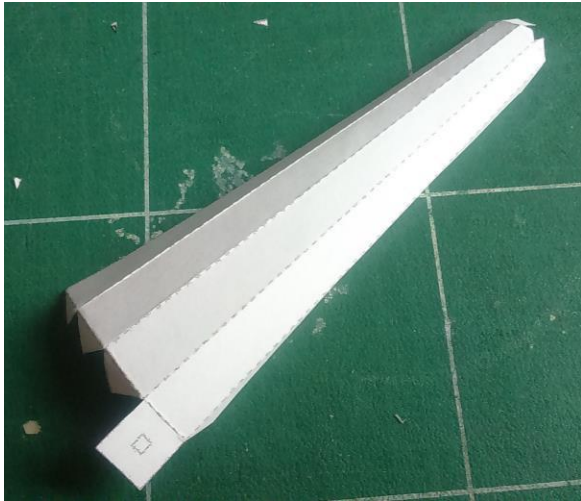

You may cut some portions of umbrella head to fit the umbrella. Or use wooden chopstick as umbrella head.

你可以切一些雨傘頭。或者用木筷子當傘頭。

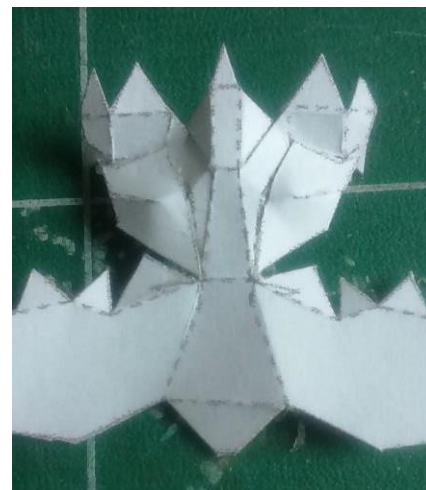

If you want a smaller umbrella, cut to fit. 如果你想要一把更小的傘，切成合適的。

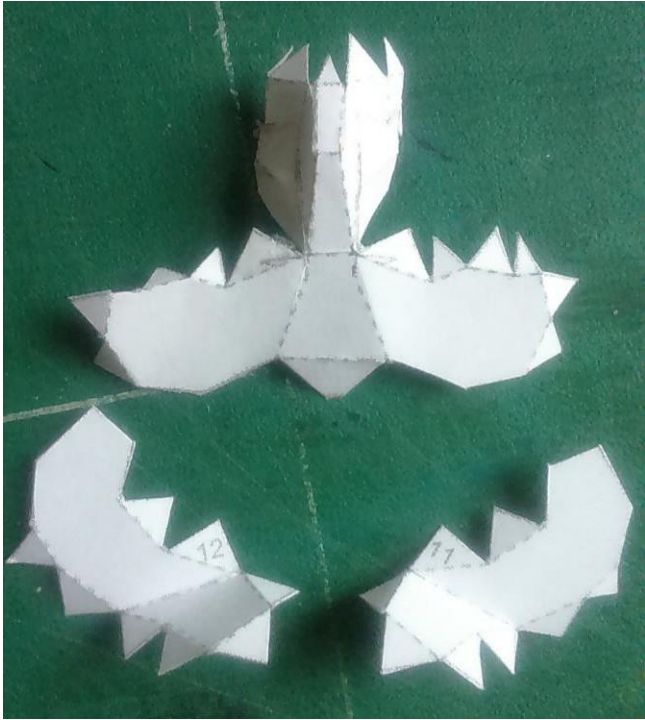

Step 8

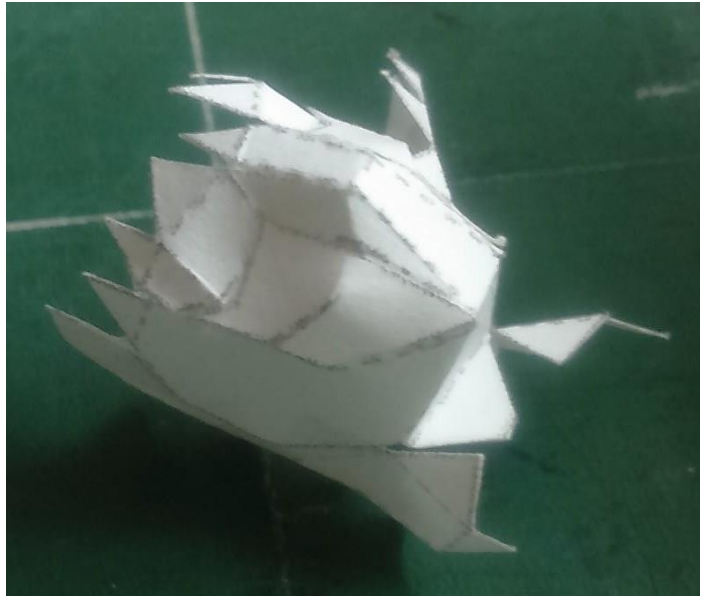

第八步

Head 頭

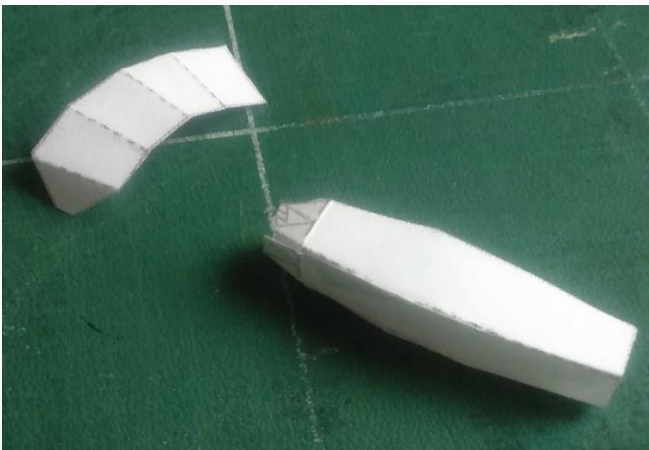

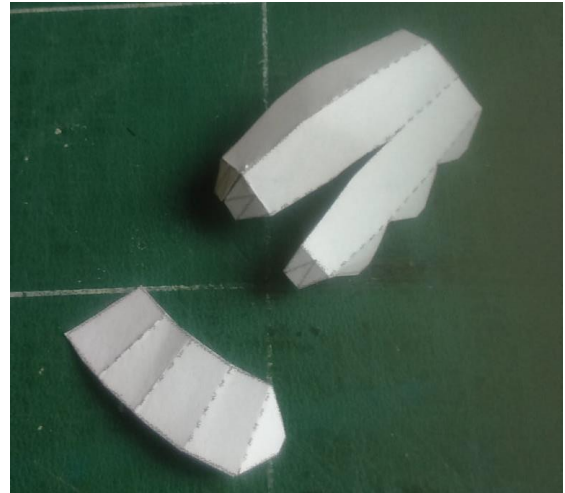

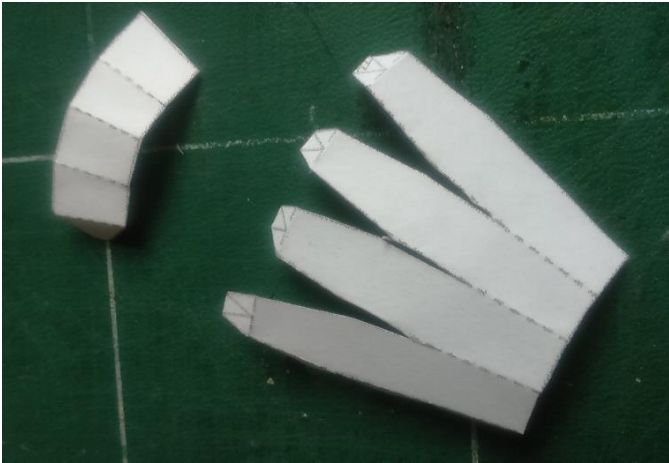

Step 9

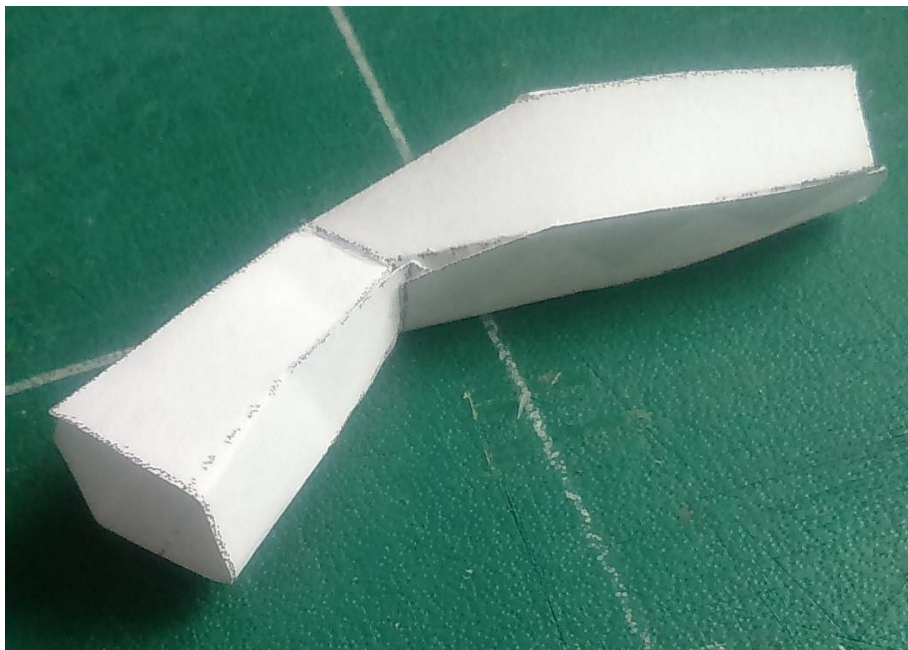

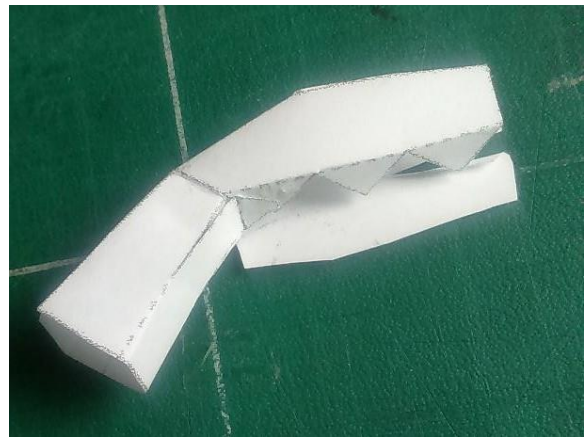

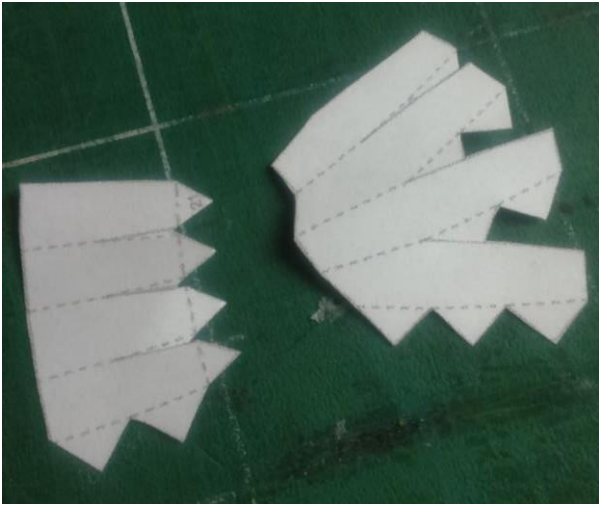

第9步

The Arms

手

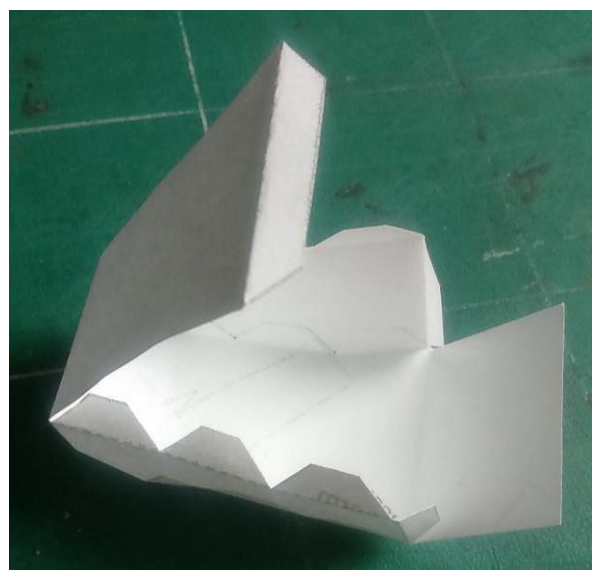

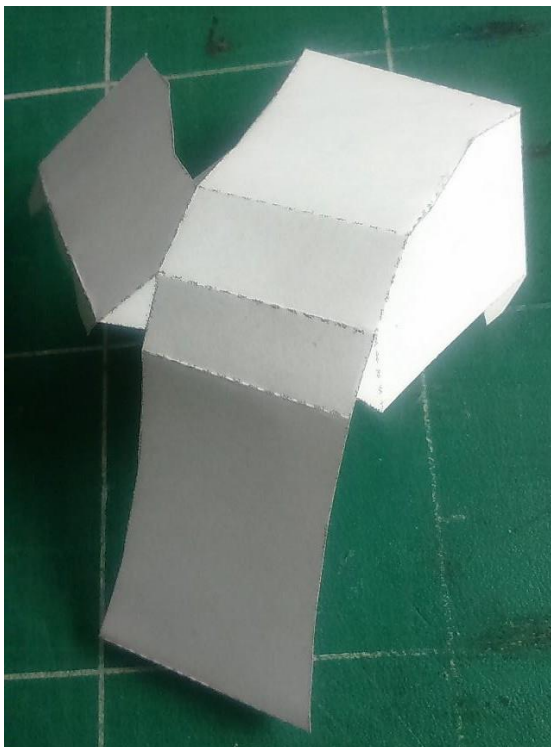

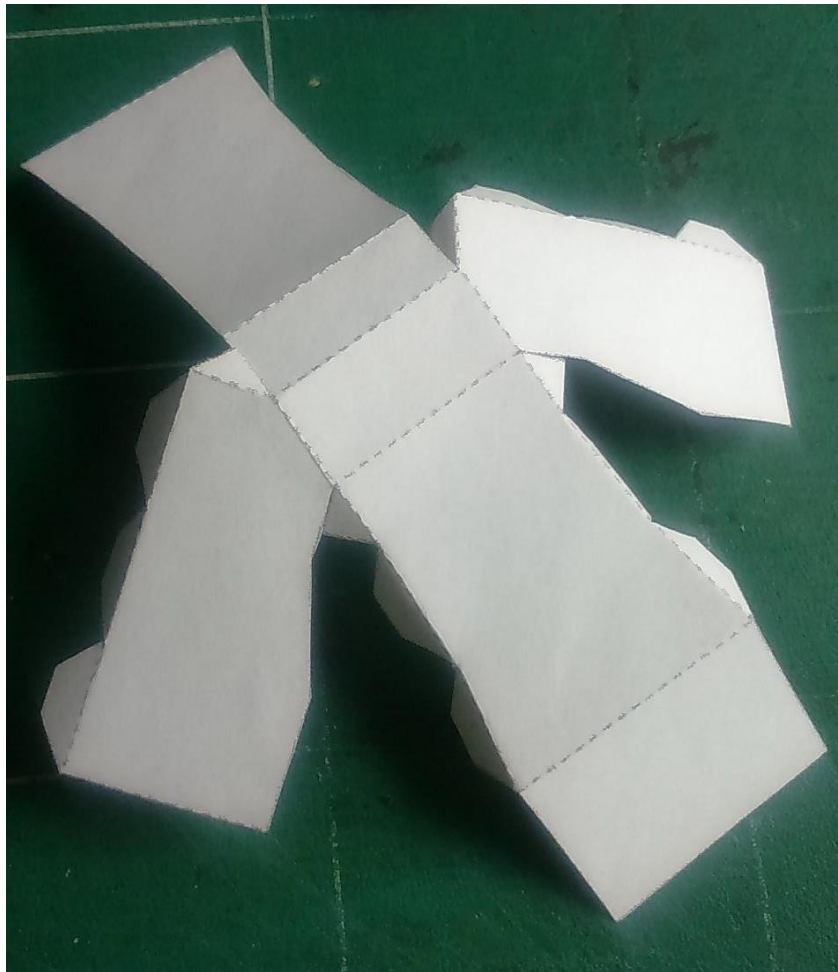

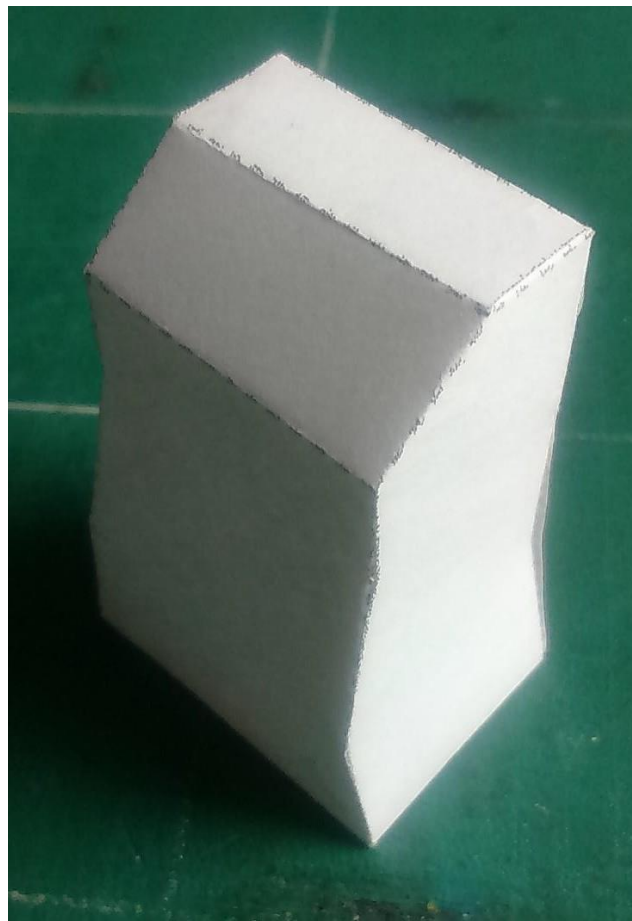

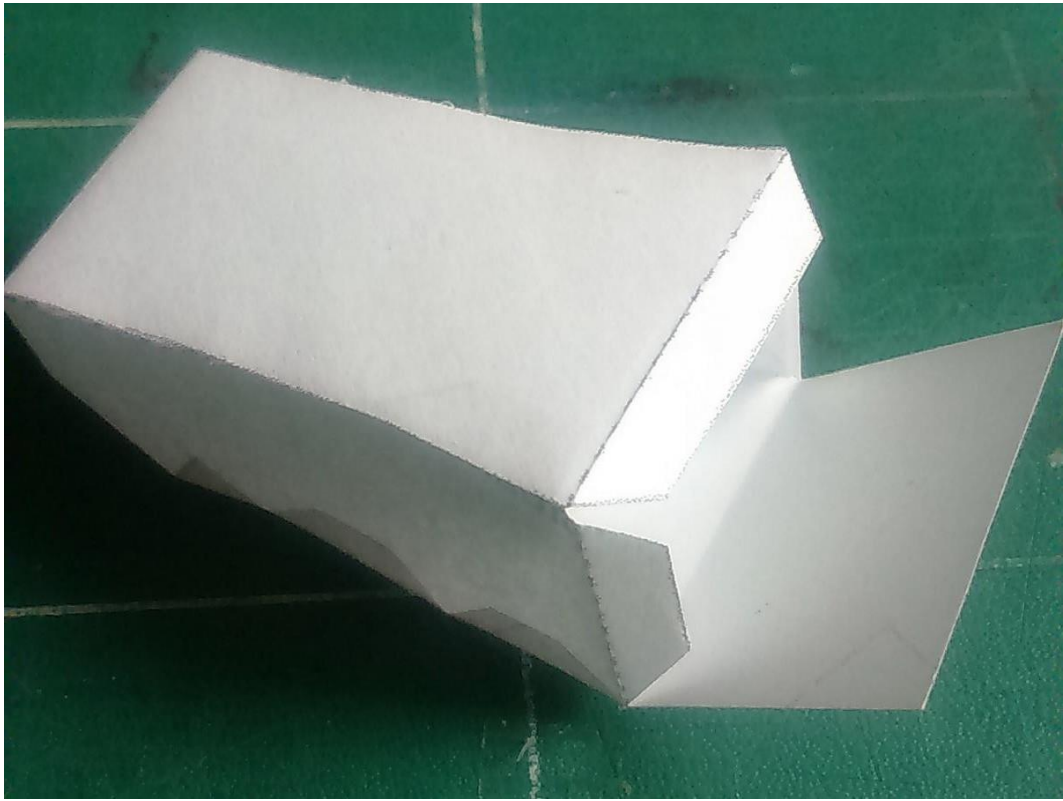

Left Arm左臂

Step 10 第10步

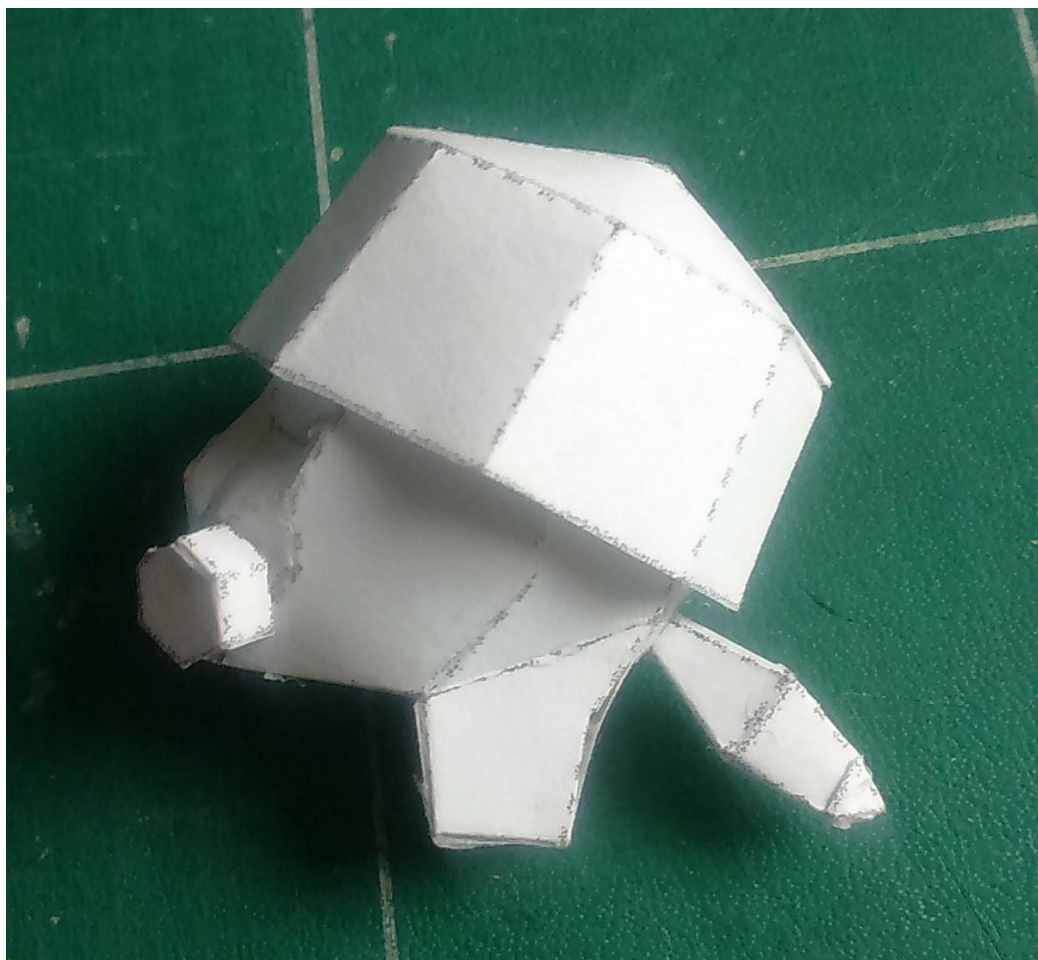

The backpack 背包

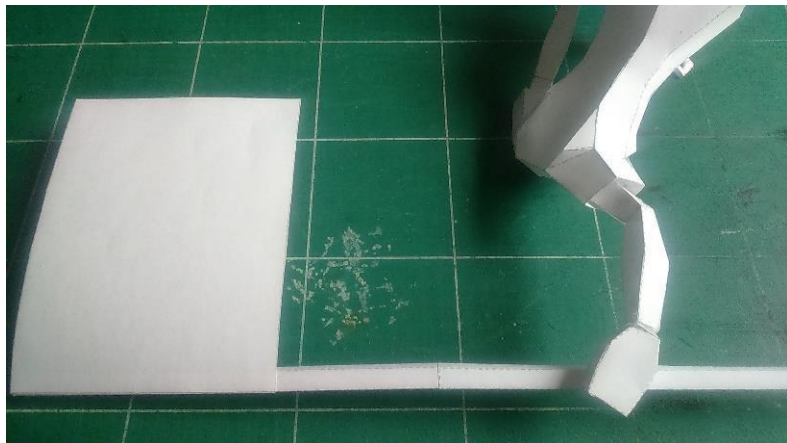

Step 11 第 11 步
